- 1x6 and 1x8 is milled with a **V-Groove** on one face and a **Beaded** profile on the opposite face. Please specify your milling preference at the time of order. If a preferred face is not specified, your order will be pulled for V-Groove.
- Product is available in **random lengths** (8’/10’/12’/14’/16’).
- Select lengths **MAY** be available depending on current inventory.
- This product is sold by the **Linear Foot**.
- Please refer to the following formulas to convert **Square Feet** to **Linear Feet**:

<b>1x6 or 2x6:</b>	$(SF) \times 2.4 = LF$ . Multiply x 1.05 for 5% installation waste.
<b>1x8:</b>	$(SF) \times 1.8 = LF$ . Multiply x 1.05 for 5% installation waste.

- **\*Cabin grade** material is subject to availability. It is the same product, but with more surface defects present. Defects include surface markings, weathering, open knots, & broken tongues or grooves. We recommend purchasing +10% installation waste when working with Cabin Grade material. Cabin Grade is **NOT** available for pre-finishing, in select lengths, or in a select profile.
